A NOTE FROM LIBERTY

The Liberty Fabrics design team have selected an iconic range of Liberty prints to create the perfect white on white selection.

Designed to co-ordinate with our vast archive of Liberty prints, the Lasenby Silhouette collection offers a calming influence to any sewing project.

The carefully curated range of botanicals with a distinct Liberty aesthetic, have been traditionally screen printed in white pigment onto white Lasenby cotton to create a tonal textural fabric.

This base is suited for craft projects and classic patchwork quilting - the possibilities are as endless as your imagination.

DISCLAIMER: All designs in the Lasenby Silhouette collection are white on white in colouration. The design elements in this document are shown in cream in order for the pattern to be visible. The printed fabric will be white on white.
