

The background of the entire page is a repeating pattern of stylized flowers. Each flower has a light blue, scalloped outer ring and a tan-colored center with a subtle radial pattern. The flowers are set against a background of fine, white, curved lines that resemble blades of grass or reeds, all on a light grey-blue background.

COSMOS PARK

The original design for Cosmos Park was created during the 1930's and later reprinted in 1969 at Liberty's Merton Printworks. A quintessential Liberty floral, this slightly larger scale rendition features loosely outlined daisies and anemones, arranged over a dense leafy meadow.

PEACOCK DANCE

A reworked interpretation of an original artwork featuring flowing peacock's plumage dating back to the 1900's, Peacock Dance is a stylised design with elegant movement and rich symbolism. A key Victorian motif of the Aesthetic Movement, peacock feathers continue to earmark Liberty designs, both old and new.
